KS1 - Misheck's story

Meet Misheck.

Misheck is twelve-years-old.

He lives in Zambia.

Zambia is a country in southern Africa.

Misheck lives with his sister and grandmother.

He goes to school on a bike that was given to him by a charity.

It takes one hour to bike to school.

Misheck did not go to school before he had his bike.

The distance was too far for him to walk.

He used to stay at home and help on the farm.

Misheck loves playing with his friends at school.

He says: “The bicycle is helping me not to miss class and to be on time.

Before, I was missing out on learning.

I wanted to learn. I also missed my friends at school.

My favorite subjects are mathematics and English.

I want to be a teacher when I grow up.”

How does Misheck get to school?
